

REMARKS

Applicant has requested that claim 2 be canceled and that new claim 10 be added. New claim 10 represents allowable but now-canceled claim 2 in independent form (but a description of a beam and screw has been substituted for "means"). All of the other claims 1, 4-6 and 9 were rejected as obvious over Kautz (5,950,811) in view of Poling (4,920,240).

Entrance of the amendment is courteously requested.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "L. D. Rosen".
